Subject: Review of Reclamation Surety, Quality Building Stone, Torrey Buff and Lucero Red Quarries, S/055/022 and S/055/023, Wayne County, Utah

Dear Ms. Miller:

The last surety estimates for the Torrey Buff and Lucero Red quarries were done in 2004 and escalated to 2009 dollars. The surety amount needs to be adjusted to account for changes in reclamation costs and the amount of disturbance.

Portions of these quarries were reclaimed in 2004 and 2005, but based on recent inspections; it appears some of the areas that were considered reclaimed may have been redisturbed. Also, the seeded areas need to be evaluated to see whether remedial work is necessary. Wayne Western will attempt to contact you to arrange an on-site meeting to discuss these issues.

If you have any questions concerning this letter or the enclosed inspection reports, please contact Mr. Western at 801-538-5263.

Sincerely,

Paul B. Baker
Mining Program Manager
